

Walden Woods Meeting House Rentals
Parking Revised 11/15/12

Please inform your guests in advance. Consider printing or copying this page and sending with your invitation.

There is limited parking on both sides of the Meeting House. Please do not park on the grass. The handicapped access ramp is located on the right of the Meeting House as you face it from Walden Meadow.

You may drop your guests off and pick them up in front of the Meeting House. There is NO PARKING in the circle in front of the Meeting House. That includes the entire private road known as On the Green. Please observe this as it is in the rental agreement you signed.

Parking is permitted on the town streets of Walden Meadow (in front of the Meeting House green) and on the side streets Mercer and Pierce. The closest and most convenient parking is on Hawthorne, which is behind the Meeting House between Mercer and Pierce. There is a walkway to the Meeting House midway up Hawthorne, opposite Thoreau Circle. Thoreau is also a public street. Please be sure not to block any driveways. Please leave generous turn in space.

Please do not park on both sides of any of these streets, especially Walden Meadow. It is a major thoroughfare with several curves. Please use the side adjacent to the Green as the sidewalk to the Meeting House is easily accessible. Please note the fire hydrants.

You are responsible for putting out no parking cones placed around the circle. They are in the coat closet. A diagram is in the closet.
