

**Walden Woods Conservancy**  
**Committee Reports**  
**April 2017**

**Community Garden:**

Nothing to report this month.

**Communications:**

Communications has been in touch with website developer about making our site interactive so that forms like the AAI or Property Requests could be completed and tracked on line.

**Documents:**

All the draft information has been received from Atty. Perlstein and the surveyor. Chris has been asked to consult with the board about reviewing the information at the May meeting or during a special session meeting. Board to decide

**Environmental:**

The Environmental Committee along with the Social Committee will hold its annual Walden Woods Earth Day cleanup this Saturday, April 22, 2017. 10 a.m.

All volunteers should report to the big Walden Pond deck. Pick sticks, gloves, and trash bags will be available as will refreshments. This is our biggest community event of the year for the Environmental Committee.

We hope to see as many residents as possible lend a hand to make our community shine!  
We really need the help!

Thank you,

Env. Committee

**Meeting House:**

Reminder has been sent to all who hold Meeting House entry codes. The alarm system has not been switched on after several recent meetings, activities, etc. This is not renters. This is within the group holding the access codes.

**Rec & Social Committee:**

Nothing to report this month.

**Standards:**

See attached.
