**Meeting House: (Pamela J.)**

The meeting house committee is ready to move forward with the purchases of the appliances and furniture. Before starting, we are awaiting floor samples from Darlene Flooring and seeking estimates for the kitchen countertop and sink. It is our goal to have these estimates to the board by July's board meeting. Ultimately, we would like to do everything at once, if possible. This will create the least amount of disruption to the flow of the meeting house.

Also, I have stopped by the meeting house on many occasions and the alarm has been off. Maybe it's not a problem. Is the alarm necessary? If so, is there a way to pre-set it to automatically come on every evening at 11:00? This way we can be sure that the house is protected every night.
