## **Environmental: (Glen B.)**

The committee will be recruiting a new chairperson. Glenn Brand will be stepping down from the committee effective March 27, 2019. After serving for nine years the time has come to move on to other aspects of my life. I have certainly enjoyed working with committee members to make Walden Woods a safe, enjoyable, and beautiful place where families can enjoy our beautiful ponds, trails and woodland areas. It is my hope that the protection of our natural resources here will continue on for generations to come. My thanks go out to Warren Johnson, John Foley and the past committee members who worked so hard to keep our resources protected.

I will not be available to head up the upcoming April 27, 2019 Earth Day event.
